

Organizing Committee

President:

Dr. Debkumar Mukhopadhyay

Hon'ble Vice-Chancellor, Cooch Behar Panchanan Barma University

Vice-President:

Dr. Abdul Kader Safily

Registrar, Cooch Behar Panchanan Barma University

Convener(s):

Dr. Piyal Basu Roy

*Professor and Head, Department of Geography,
Cooch Behar Panchanan Barma University*

Dr. Shasanka Kumar Gayen

*Professor, Department of Geography,
Cooch Behar Panchanan Barma University*

Dr. Nazrul Islam

*Associate Professor, Department of Geography,
Cooch Behar Panchanan Barma University*

Dr. Shraban Sarkar

*Assistant Professor, Department of Geography,
Cooch Behar Panchanan Barma University*

Dr. Dipika Subba

*Assistant Professor, Department of Geography,
Cooch Behar Panchanan Barma University*

The Host University and the Department

Cooch Behar Panchanan Barma University is a Public University named after the great social reformer Thakur Panchanan Barma and established in 2012. The University offers Post-Graduation level studies in Science, Arts and Commerce streams. The University also offers Diploma in Mass Communication and Journalism, Certificate Course in Rajbanshi language, Spanish language, Bhaowaiya, and Folk & Creative Dance etc.

The Department of Geography, established in 2013 is well known for its teaching and research at the state, national and international levels. The department offers M.Sc. and Ph.D. in Geography. At present, there are about 100 students in the department at postgraduate level and more than 20 research scholars have been pursuing their Ph.D. The department also offers a certificate course in Geospatial Technology. The thrust areas of the department are Fluvial Geomorphology, Social Geography, Population Geography, Cartography, Remote Sensing and GIS.

About the Workshop

The main objective of this workshop is to address the concept and application of the two statistical software: Stata (Statistical software for data science) and AMOS (Analysis of a Moment Structures) in the field of geographical research, and to help researchers to conduct research in an accurate and meaningful way. The workshop will help the participants to conceptualize the use of the mentioned software for data analysis, data management, graphics (Stata), structural equation modeling, path analysis, and confirmatory factor analysis along with hands-on training in the presence of the experts of this specific field. The workshop will make the researchers familiar with these contemporary tools and techniques in quantitative geographical research. This three days' workshop will provide an exposure to the young scholars to gain experience on the different methods of data analysis and interpretation and their applicability for the geographical research. Research Scholars, faculty members of educational institutions particularly colleges and universities can take part in this workshop by paying requisite registration fees. Only 40 applicants will be selected for this workshop after the 'first come first serve' basis.

Registration

Applicants need to fill in the Registration form through the link given hereunder on or before 20.04.2022. Selected candidates will be informed by E-mail on 22.04.2022 mentioning the account details to deposit the Registration fee. Registration fee for each applicants is Rs. 1500/ only (to be paid only after selection). Selected candidates are advised to bring their own laptop on the days of the workshop. Selected applicants have to pay their registration fee online. No TA/DA will be provided to the participants and they have to arrange their own accommodation. Necessary assistance will be provided in this regard, if required. For further information, do not hesitate to contact at the following mobile numbers: Manoj Debnath (8927807719), Prodip Mondal (9800778705). [Click here for registration.](#)

Three Days Workshop on

Application of Stata and AMOS Software in Geographical Research

26th April - 28th April, 2022

Organised by

Department of Geography
