- Abstracts are invited for oral/poster presentation.
- Outstanding paper(s) will be rewarded in the valedictory session.
- Selected papers presented in the conference will be published by Springer/Wiley/Bentham Science Publishers/C.R.C Press Books as seminar proceeding volume(s) shortly after the event***

About CBPBU

The Cooch Behar Panchanan Barma University (CBPBU) [Estd.: 2012] is an eminent state university in West Bengal to promote quality higher education and research. Named after the great social reformer Thakur Panchanan Barma, the university offers diverse U.G. & P.G. programmes in science, arts, and commerce. The Department of Botany at CBPBU is an important centre for plant science education providing advanced knowledge in multiple dimensions of plant science through theoretical and practical training. With experienced faculty members, the department encourages scientific research, biodiversity conservation, and academic excellence, preparing students for higher studies and professional careers.

How to reach CBPBU?

By Train: The nearest railway station is *New Cooch Behar Railway Station*, about 5–6 km from the university. From the station, you can hire a toto, auto-rickshaw, or taxi to reach the campus in around 15–20 minutes.

By Road: Regular buses and private vehicles connect Cooch Behar with Siliguri, Jalpaiguri, Alipurduar, and Kolkata.

By Air: The nearest airport is *Bagdogra Airport* near Siliguri, about 150 km away. From there, buses and trains are available to Cooch Behar. Occasional flights to Kolkata are also available from Cooch Behar airport.

International Conference on
'RECENT TRENDS IN BIOLOGICAL SCIENCES'

Organized by:

Department of Botany & IQAC, CBPBU
in collaboration with
National Academy of Molecular Biology and Genetics (NAMBAG)

Date of Seminar: 03rd-04th October, 2026

Venue: Conference Hall, CBPBU

Mode: Hybrid

About the Seminar

The International Conference on 'Recent Trends in Biological Sciences' would serve as an important academic platform for researchers, scientists, academicians, and students to exchange innovative ideas and recent developments in the field of biological sciences. The conference focuses on emerging areas such as molecular biology, biotechnology, microbiology, genetics, plant sciences, environmental biology, bioinformatics, and biomedical research. It aims to promote interdisciplinary research and scientific collaboration among participants from different countries and institutions. This conference would provide opportunities for presenting research findings, discussing contemporary scientific challenges, and exploring advanced techniques and technologies used in modern biological research. Interactive sessions, poster presentations, and panel discussions further encourage intellectual exchange and networking among scholars. The conference also highlights the role of biological sciences in addressing global issues such as climate change, biodiversity conservation, sustainable agriculture, human health, and disease management.

Objectives/Topics covered:

- Biodiversity and environment
- Phytochemistry and molecular Biology
- Microbiology and microbial biotechnology
- Human health and its challenges
- Biology-Chemistry interface
- Bioinformatics and cheminformatics
- Agriculture and animal husbandry
- Biology and AIML
- Other associated themes in biological sciences

Target participants:

- Faculty members of College and University
- Undergraduate and Postgraduate students, Ph.D. researchers and scientists

Abstract submission: Till 23.09.2026

Registration fee (In INR):

Faculty & Scientists:- Rs. 1200/- (Early bird)

Research scholars:- Rs. 800/- (Early bird)

Early bird Registration Date: Till 25.09.26

Faculty & Scientists:- Rs. 1500/- (Spot)

Research scholars:- Rs. 1000/- (Spot)

Students:- Rs. 500/- (Spot)

*****Life/Annual Members of NAMBAG are entitled to a discount of Rs. 200/- in Registration fee*****
